Contents of *Preventive Veterinary Medicine*, Volume 61

Vol. 61 No. 1 **30 SEPTEMBER 2003**

Oral immunization using formalin-inactivated *Actinobacillus pleuropneumoniae* antigens entrapped in microspheres with aqueous dispersion polymers prepared using a co-spray drying process
C.-W. Liao, H.-Y. Chiou, K.-S. Yeh, J.-R. Chen and C.-N. Weng (Miaoli, Taiwan) 1

Male, female and management risk factors for non-return to service in Dutch mares
A. van Buiten, P. Westers and B. Colenbrander (Utrecht, The Netherlands) 17

Optimizing replacement of dairy cows: modeling the effects of diseases
Y.T. Gröhn (Ithaca, NY, USA), P.J. Rajala-Schultz (Columbus, OH, USA), H.G. Allore, M.A. DeLorenzo, J.A. Hertl (Ithaca, NY, USA) and D.T. Galligan (Kennett Square, PA, USA) 27

A stochastic-modeling evaluation of the foot-and-mouth-disease survey conducted after the outbreak in Miyazaki, Japan in 2000
T. Tsutsui, N. Minami (Tsukuba, Japan), M. Koiwai (Yokohama, Japan), T. Hamaoka, I. Yamane and K. Shimura (Tsukuba, Japan) 45

Application of phylogeny reconstruction and character-evolution analysis to inferring patterns of directional microbial transmission
T.L. Goldberg (Urbana, IL, USA) 59

Short communication

Effect of gilt seropositivity to *Lawsonia intracellularis* (LI) on their offspring's seropositivity to LI and on diarrhoea after a pure-culture challenge
P. Barna and G. Bilkei (Dübendorf, Switzerland) 71

Vol. 61 No. 2 **15 OCTOBER 2003**

Estimation of sensitivity and specificity of two diagnostics tests for bovine immunodeficiency virus using Bayesian techniques
K.A. Orr, K.L. O'Reilly and D.T. Scholl (Baton Rouge, LA, USA) 79

Assessing antibiotic resistance in fecal *Escherichia coli* in young calves using cluster analysis techniques
A.C.B. Berge, E.R. Atwill and W.M. Sischo (Tulare, CA, USA) 91

Monte Carlo simulation of surveillance strategies for scrapie in Norwegian sheep
P. Hopp (Oslo, Norway), C.R. Webb (Cambridge, UK) and J. Jarp (Oslo, Norway) 103

Escherichia coli O157 in feedlot cattle feces and water in four major feeder-cattle states in the USA
J.M. Sargeant, M.W. Sanderson (Manhattan, KS, USA), R.A. Smith (Stillwater, OK, USA) and D.D. Griffin (Clay Center, NE, USA) 127

Case–control study of canine infection by a newly recognised *Babesia microti*-like piroplasm
F.J. Guitián (Hertfordshire, UK), A.T. Camacho (Vigo, Spain) and S.R. Telford III (Boston, MA, USA) 137

doi:10.1016/S0167-5877(03)00273-3

A descriptive study of 'kangaroo gait' in sheep in northern Britain
A.C.A. Clements, D.J. Mellor, G.T. Innocent and J.L. Fitzpatrick (Glasgow, UK) 147

Vol. 61 No. 3 **12 NOVEMBER 2003**

Spatio-temporal epidemiology of foot-and-mouth disease in two counties of Great Britain in 2001
J.W. Wilesmith (Surrey, UK), M.A. Stevenson (Palmerston North, New Zealand), C.B. King (Upper Hutt, New Zealand) and R.S. Morris (Palmerston North, New Zealand) 157
Simulation modeling to derive the value-of-information for risky animal disease-import decisions
W. Terry Disney (Fort Collins, CO, USA) and M.A. Peters (Washington, DC, USA) 171
Assessment of veterinary needs of ruminant livestock owners in Ghana
P.K. Turkson and J. Naandam (Cape Coast, Ghana) 185
The development and validation of an antibody-ELISA to detect *Trypanosoma evansi* infection in cattle in Australia and Papua New Guinea
S.A. Reid (Murdoch, Australia) and D.B. Copeman (Queensland, Australia) 195
Risk factors for porcine post-weaning multisystemic wasting syndrome (PMWS) in 149 French farrow-to-finish herds
N. Rose, G. Larour, G. Le Diguerher, E. Eveno, J.P. Jolly, P. Blanchard, A. Oger, M. Le Dimna, A. Jestin and F. Madec (Ploufragan, France) 209
Incidence of canine rabies in N'Djaména, Chad
U. Kayali (Basle, Switzerland and N'Djaména, Chad), R. Mindekem, N. Yémadji, A. Oussiguéré, S. Naïssengar, A.G. Ndoutamia (N'Djaména, Chad) and J. Zinsstag (Basle, Switzerland) 227

Vol. 61 No. 4 **12 DECEMBER 2003**

Evaluation of an absorbed ELISA and an agar-gel immuno-diffusion test for ovine paratuberculosis in sheep in Australia
E.S.G. Sergeant, D.J. Marshall (Orange, Australia), G.J. Eamens (Camden, Australia), C. Kearns (Orange, Australia) and R.J. Whittington (Camden, Australia) 235
Association between bovine-leukosis virus seroprevalence and herd-level productivity on US dairy farms
S.L. Ott, R. Johnson (Fort Collins, CO, USA) and S.J. Wells (St. Paul, MN, USA) 249
Neighbourhood infections of classical swine fever during the 1997–1998 epidemic in The Netherlands
A.P.P. Crauwels (Wageningen, The Netherlands and Deventer, The Netherlands), M. Nielen (Utrecht, The Netherlands), A.R.W. Elbers (Deventer, The Netherlands), J.A. Stegeman (Utrecht, The Netherlands) and M.J.M. Tielen (Deventer, The Netherlands and Utrecht, The Netherlands) 263
Brucellosis and Q-fever seroprevalences of nomadic pastoralists and their livestock in Chad
E. Schelling (Basel, Switzerland), C. Diguimbaye, S. Daoud (N' Djaména, Chad), J. Nicolet, P. Boerlin (Bern, Switzerland), M. Tanner and J. Zinsstag (Basel, Switzerland) 279
Comparison of milk production of dairy cows kept in cold and warm loose-housing systems
C. Schnier (Helsinki, Finland), S. Hielm (Government, Finland) and H.S. Saloniemi (Helsinki, Finland) 295
Monte Carlo simulation of flock-level sensitivity of abattoir surveillance for ovine paratuberculosis
K.A. Abbott (Herts, UK) and R.J. Whittington (Camden, Australia) 309
An initial survey of the cattle grub *Dermatobia hominis* (L. Jr.) in Nicaragua
M.A. Villarino (Edinburg, TX, USA), O. Garcia (Managua, Nicaragua), W. Fussell, K. Preston (USA) and G.G. Wagner (College Station, TX, USA) 333
Path analysis of subsistence farmers' use of veterinary services in Zimbabwe
P.S.A. Woods (Harare, Zimbabwe and Utrecht, The Netherlands), H.J. Wynne, H.W. Ploeger (Utrecht, The Netherlands) and D.K. Leonard (Berkeley, CA, USA) 339

Contents of *Preventive Veterinary Medicine*, Volume 61 359
